The only type of shocking moment I could think of doesn't really shock most people but to me it was a big surprise. My mom and dad went to a big person no kids kind of Jimmy Buffet concert with T.J. and I watched coring old T.V. Our mom said she got T-shirts with parats and lizards on them. My dad was T-dyed. T.J. was plain. We saw them the next morning. Of course I tried myn on right away. It looked colossal. When I came out I looked like a big T-dyed monster! The supposed to be "short T shirt" was down to my neas and the supposed to be "short sleeves" were down to my rist! What will I use this for? I thought. I looked red-ik-ya-lis "It's graete." I said. It wouldn't be a surprise if it fit when I'm 20 30 40 even 50 P.S. I wear it for P.O.S.
